

# COLLABORATIVE LEARNING ACTIVITY DESIGN TEMPLATE

Title:

Authors:

## Learning Outcomes

What are the objectives of the student activity?

## Activity Description

Describe the group process. What activities will the students undertake?

## Collaborative Learning Theory

On which theory is the activity design based? How does this theory benefit student learning?

## Support Required

What resources would you need?

## Online Tool

Which online tool will be used? How can this tool be aligned with your collaborative learning theory?

## Assessment

How would you evaluate that the activity was successful?
